

ROSIE

People celebrate for a whole season
and only two of the days actually
have names.

DARY

Not if you count Christmas Adam.

KATY

Oh, what the fuck are you on about
now?

DARY

It goes Christmas, Christmas Eve,
and then before Eve was Adam.
Christmas Adam.

WAYNE

Oh no see now by that logic then
before that would be like.
Christmas Light. Cause light was
like. The first thing and all.

GLEN

Wayne, look at you. Color me
impressed-

KATY

So then before light and all when
it's just God and nothing, would it
be-

ROSIE

Christmas God or Christmas Nothing?

KATY

Exactly.

Glen is speechless. Dary counts on his fingers.

DARY

But even then that only gets us to
tomorrow. Christmas, Christmas Eve,
Christmas Adam, Christmas Light,
Christmas Nothing. So then what's
today?

DAN

The Christmas Tables of Contents?

GLEN

No, silly sinners, none of those! I would be pretty depressed right now if I hadn't already expected Wayne would be the only one to remember.

Cut to a blank-faced Wayne, who clearly does not remember.

GLEN (cont'd)

It's my birthday!
